OF WEST TEXAS
Read By Listening

November 15, 2011

Dear Friends,

Fourteen thousand people in the Permian Basin have experienced vision loss. There is a good chance someone close to you has or will experience a problem with their vision.

How can you help?

I have great news for you! We have a NEW radio station in the Permian Basin.

“ I live alone and The RLWT Radio Station is like having a friend in my home; a special visitor who keeps me informed and entertained. ”

The Radio Station features readings of magazines, books and local newspapers. Listeners can hear special programs like *“Cooking in the Dark”* and *“The Blind Handyman”*.

Audio of the Midland Reporter Telegram and the Odessa American newspapers keep listeners informed about the community. A variety of shows provide health and wellness information enhancing quality of life. Audio Books help the listener to regain the world that has been lost to blindness or physical disability.

I invite you to join me in making a donation to support **all of these programs!**

- **The RLWT Radio Station**
- **The Telephone Reader**
- **Audio Books and Magazines for the Texas Talking Book Program**
- **Textbooks for students with learning differences**

Sincerely,
Lynn Lynch
President, Board of Directors

P.S. Your contribution will make a world of difference, I promise you.

The Recording Library of West Texas is a 501(c)3 charitable agency. Donations are tax deductible.
